Quilt Information

Quilt Pick-Up

Purchased quilt items may be picked up at the cashier's desk.

Comforters

Usually made from heavy weight materials and put together by knotting or large stitches.

Quilt Storage

Quilts should not be stored in plastic, as the plastic does not allow them to breathe and they will yellow. Instead, use an old pillowcase or sheet.

Speed Quilting

Speed quilting differs from regular quilting in that small “x” stitches are made at the corners of each piece. This method is most commonly used when a quilt top is entirely pieced, not where large pieces of fabric have been left blank for quilting a design.

Quilt Top Descriptions

- Appliquéd:** Pieces of fabric are sewn onto the background fabric to form a design.
- Embroidered:** Quilt top's design is formed by embroidery.
- Pieced Patchwork:** Pieces of cut cloth are sewn together to form a design.
- Whole Cloth:** The quilting forms the design on a piece of fabric, usually a solid color.
- Pre-Printed Fabric:** A printed design on the background fabric, giving the appearance of being pieced or appliquéd. The printing is done at the fabric mill.
- Pre-Quilted Fabric:** Machine quilted at the mill.
